**EDITORS:** The following information is for immediate release. If you have any questions, please contact Karen Costello, program and marketing coordinator of the Chester County Economic Development Council, at 610 458-5700.

## **NextGen Reporting locates in a Chester County economic zone**

*Chester County Economic Development Council helps relocation*

**EXTON** \_ Next Generation Reporting, LLC, has relocated in a Chester County location designated for economic improvement.

NextGen Reporting's new location is 999 Old Eagle School Road, Suite 118, Wayne. The property is part of Evolve IP's corporate headquarters and technology center.

NextGen Reporting moved on December 28, 2011, and is in the process of setting up offices. NextGen relocated from another Chester County office because of the company's significant growth.

"We are expecting an exciting new year," said Jason Primuth, Executive Vice President of NextGen Reporting. "We're increasing our staff and office space to accommodate our growth, both for our operations and in our development of new technology."

NextGen is a leading provider of nationwide deposition services and the leader in providing remote depositions, according to Primuth. "We're skilled and experienced at helping reduce litigation costs for corporations and their law firms by streamlining the deposition process through technology such as Telepresence, video conferencing and video streaming. Corporations, insurance companies and law firms have discovered ways we can assist them in reducing litigation costs, eliminating unnecessary travel and accelerating the deposition process."

For more information on NextGen Reporting, see [www.nextgenreporting.com](http://www.nextgenreporting.com).

"We are always excited to work with our partners, like Evolve IP, to help tech companies, such as NextGen, secure the resources to manage growth through their formative years," said Tim Connor, Vice President and Senior Director, of the Chester County Economic Development Council. "We hope the companies mature into quality businesses that add to our hi-tech corridor."

Evolve IP is a leading cloud-based technology provider that offers businesses a better way to buy and manage their applications, infrastructure, and security solutions. The company helps organizations outsource technologies that are not within the budget, skills, or focus of their IT resources.

The Chester County Economic Development Council is a private, non-profit economic development organization that has been nurturing economic growth in Chester County and the surrounding region for more than 50 years. The Council's portfolio of business growth services includes: low-interest financing, small business lending, workforce training, retention

and expansion, customized international business assistance, land and building site selection, brownfields consultation and remediation, urban redevelopment, and agricultural economic development. The Council also offers state-of-the art conference and training facilities at its facility in Eagleview.
